DETAILED ACTION

Election/Restrictions

1. Newly submitted claim 22 is directed to an invention that is independent or distinct from the invention originally claimed for the following reasons: Applicant's election is to figures 1-3. However, claim 22 seems to be directed to the non-elected species of figure 4, or to a species not shown since claim 1 set forth the arc having a range of over 180 degrees.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claim 22 is withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

Claim Rejections - 35 USC § 102

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

3. Claims 1-5, 8, 9 21, and 23-28 are rejected under 35 U.S.C. 102(b) as being anticipated by Pike et al (US 5,695,506).

Pike discloses a catheter articulation segment including all the elements set forth in the claims. See figures 5-6.

Art Unit: 3732

Response to Arguments

4. Applicant's arguments filed April 20, 2007 have been fully considered but they are not persuasive. Pike discloses all the elements as claimed.

Conclusion

5. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
